

BUILD A TOWER HOUSE

Tower Houses were once the homes of medieval lairds with strong walls for protection from enemies.

Explore Historic Environment Scotland's Sketchfab to learn more about Tower Houses and the traditional materials they are made from.

Go to [Sketchfab](#) and find our model of [Smailholm Tower](#).

Does the building have doors and windows?.....

What material are the walls of the building made from?....

.....

What material is the roof of the building made from?.....

.....

Find the material the walls of the building are made from.

Describe the material's colour.....

Describe the material's texture.....

Find the material the roof of the building is made from.

Describe the material's colour.....

Describe the material's texture.....

HOW TO ASSEMBLE YOUR BUILDING:

1. Add windows and doors.
2. Add colour and texture to the walls and roof of your building.
3. Cut along the solid lines.
4. Fold along the dashed lines.
5. Put glue on the tabs and stick your building together.
